Elba City Pool Draws Big Crowd Daily

The Elba City Pool draws 75-100 people each day to swim and play in its cold waters. From toddlers to high-schoolers and adults, there's room for all. But, as the sign says, "Adults must stay with children under 7."

The pool is open from 11:00 a.m. to 5:00 p.m. Monday through Saturday (closed on Monday and Friday at 3:30 for cleaning); 12:00 Noon to 5 p.m. on Sundays. Cost is 25¢ under 16 years of age and 35¢ over 16. Drinks, cookies, candies, etc. are available for refreshment.

Roland Powell is in charge of the pool; his daughter, Susan, serves as lifeguard. Swimming lessons will begin on Tuesday, June 12 for children in grades 1, 2 and 3 of the 1972-73 school year. One class is set for 5 - 6 p.m., the next class from 6 - 7:00 p.m. each Tuesday, Wednesday and Thursday. Parents may register their children at the pool any time between the hours of 10 a.m. and 5 p.m. The Elba City Pool is part of the Elba Recreation Program, Alvin Cordell, Director.

NOMINATE YOUR ALABAMA SPORTS HALL OF FAME

Through June you have your chance to nominate your favorite for the Alabama Sports Hall of Fame. Just send your nomination to Bob Veitch, Executive Director. The address is P. O. Box 414, Fairfield, Ala. 36064.

No state for its population has produced more national and worldwide outstanding athletes and athletic officials than the State of Alabama.

There are many more great athletes deserving nomination for many Stars fell and are still falling on Alabama. In making a research of the various states, the Alabama Sports Hall of Fame is rated tops. There have been 46 enshrined from 1969 through 1973. The Board of Directors have a certified list of 21 now eligible for election by the 36 electors from over the state.

Board members are: Jess Lanier, Chairman, Bessemer; Tran Sessions, Birmingham; Paul Grist, Selma; Martin Dyess, Montgomery; Sam LeMaitre, Edna; Ellis Taylor, Jasper; Eugene G. Varin, Huntsville; and Goodloe Rutland, Birmingham.

After the nominations, six will be certified to bring the total back to 27 eligible for election.

Enshrined in the Alabama Sports Hall of Fame are 1969: Johnny Mack Brown, Paul (Bear) Bryant, Mike Donahue, Jimmy Hitchcock, Don Hudson, Ralph (Shug) Jordan, Joe Louis and Frank Thomas. Joe Garagiola, mce.

1970 Henry (Hank) Crisp, John W. Holman, Wilbur Huttsell, Jesse Owens, Joe Sewell, W.T. (Bully) Van Der Graaf, Wallace Wade, and Early Wynn. Joe Garagiola mce.

1971 William Ben Chapman, Harold (Red) Drew, Howard Hill, Millard (Dixie) Howell, T. K. (Tackhole) Lee, Sanders Russell, Jackson (Riggs) Stephenson and Charles W. (Bill) Strick, Jr. Morris Frank mce.

1972 - Charley Boswell, A.T. S. (Pooley) Robert, Lary (Satchel) Paige, Derrill Pratt, Fred Sington and Henry Maunsh. Bob Hope and Curt Gowdy co-mcees.

1973 - Wu Winslett, Luke Sewell, Harry Gilmer, Jeff Coleman, Johnny Cain and Dixie Walker. Vinegar Bend Mizell, mce.

The 21 certified as eligible for election are: Walter Gilbert, Frank Howard, Travis Tidwell, Harlon Hill, Frank Lary, Virgil (Fire) Trucks, Sam Byrd, Virgil Davis, Marie Rawls, Clyde Morton, Sam Perry and Peter Sarron.

(Euel (Satz) Snider, Ike Boone, Axford Burks, Jennings (Jinks) Gillem, Kirk Newell, Ham Stevens, Charles (Gaby) Strick, Milton Stock, and Moon Ducote.

Tickets will be on sale late in November. The 1972 Hall of Fame induction with Bob Hope and Curt Gowdy as co-mcees, drew 3,500 for the largest seated dinner Hall of Fame induction on record.

ELBA RESCUE REPORT

The Elba Rescue Squad reports only two calls during the period of May 29 through June 5; these were from homes to 5. These were transfers from homes to Elba General Hospital.

Mrs. Reddock Crochets Chair Decoration

Mrs. Earnestine Reddock of Enterprise is confined to a wheelchair, but she recently crocheted a prize-winning decoration for her wheelchair. It was entered in a national wheelchair contest endorsed by the President's Committee on Employment of the Handicapped. She was a second place cash prize winner, and at present, is waiting to hear final details on a trip to Washington to attend a special presentation ceremony at the annual meeting of the President's Committee on Employment of the Handicapped.

The decor contest was designed to encourage wheelchair occupants to brighten up their chairs and their outlooks. Mrs. Reddock just learned to crochets last November, but now is able to teach others.

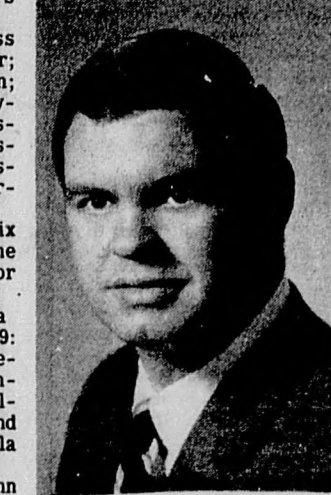

She has been in the Rotary Rehabilitation Center in Mobile since last September. She was injured in a gas explosion that demolished her home in the fall of 1971. Both legs had to be amputated below the knees. She was baking a cake when gas escaping from a severed pipeline underneath her home exploded, and she was pinned under wreckage which crushed her legs.

"I'm just lucky to be here so I'm not complaining," Mrs. Reddock said. "I want to be of some service - I would even like to work for charity. It makes you feel like you're not handicapped when you have something to do."

She says she wants to be able to "get out of the house" because one could get depressed just sitting around. "I realize there is a problem in hiring the handicapped but I am not worried about a job - I'm going to work somewhere!"

Mrs. Reddock is expected to be home in the next few days in Enterprise.

She has a son who attends Birmingham Southern College. Her husband, Marshall, is a retired civil service employee. Her mother, Mrs. Bunk Drinkard, and two sisters, Mrs. Brunese Winston and Mrs. Christine Worrell, all live in Elba.

Ceremonies To Be Held At Coffee General

Coffee General Hospital (formerly Gibson Hospital) will have dedication ceremonies on Sunday, June 10, at 2:00 p.m.

Gov. Jere Beasley will be the principal speaker, with Wendell Cherry, President of Extenders, and other area residents also participating.

Following the dedication and ribbon cutting ceremonies, there will be a tour of the newly constructed ultra-modern facility. The administration of the hospital cordially invites everyone to attend.

AMERICAN LEGION HOLDS MONTHLY MEETING

The American Legion and Legion Auxiliary will hold their regular monthly meeting tonight (Thursday, June 7) at 7:30. The 35th District is host. Supper will be served.

ELBA SETS NO FIRE RECORD FOR MAY

The Elba Fire Department reports that there were no fires in Elba during the month of May, which is a record for the city.

"We would like to thank the people of Elba for being fire-conscious," says Robert Folsom of the Elba Fire Department.

Only one fire call was made during the period of May 29 through June 5 - to the home of Robert King, Jr., because of smoke from his air conditioner.

Assembly of God To Hold Revival

Rev. Robert T. and Mrs. Beth Davis, from Miami, Florida, will be in Elba at First Assembly of God Church, June 11 - 17, for a kids' crusade. They have worked with children in this field for the past ten years. The Davis family members are known as Uncle Bob and Aunt Beth.

"Uncle Bob and Aunt Beth" have a variety of programs, including two puppets, Skipper and Oscar, Colored filmstrips, balloon tying, Gospel magic, Felt Visuals, the Gospel Quiz Box, Costuming, the Black Life, Christian music, and other interesting attractions. We each night for this event.

City Council Opposes New "Unit System"

The Elba City Council has passed a resolution opposing the "Unit System" of county road maintenance without a vote of the people "as previously promised by its elected state representative."

The council adopted the resolution in their May 15th meeting and mailed copies to Representative Douglas Easters, Senator L. L. Dozier and to each commissioner.

Perpetual Care To Be Provided For Cemetery

The City of Elba Cemetery Committee has completed all arrangements for the establishment of a tax-exempt trust fund which will produce income designed to provide for perpetual care of the Elba Evergreen Cemetery.

Until this fund is established and working, the committee has decided to have regular cemetery workings using volunteers. The first working is scheduled for Saturday, June 9, 1973, from 8 a.m. to 12 Noon.

Harris Winston, Chairman of the Committee, urges all citizens to participate in this working. You will need to bring hand tools only. The City of Elba will provide trucks for hauling trash and will take care of the mowing.

Charles Ellis is Co-Chairman of the Committee, and Carolyn Brunson is Secretary-Treasurer.

FIRST POEM PUBLISHED

Last week The Elba Clipper announced a new feature... poems by local poets. This week we are publishing the first of those compositions. We have in our hands one to be used next week also. To these young composers we are grateful and to all those who have offered poems over the years, we urge you to come forth with your work again and share it with our other readers.

SNOW

Snow came to our town,
It started with sleet, then snow came down;
Pictures were taken, and games were played,
Soon all of town was half unmade;
Snowmen were built with great success,
But then it started melting, and oh! What a mess!

Lynn Whitehurst,
Rt. 2, Box 74,
Elba, Al.
Age 12

ELBA GENERAL HOSPITAL PATIENTS

Persons admitted to Elba General Hospital during the period of May 29 through June 5 are as follows: Hillary Adkinson, Gladys Carr, Anne Ruth Mack, Debra Williamson, Edw. Bryan, John Paul Williamson, Melissa White, Karin Snellgrove, Forest Parrish, Debra Qualls, Nell Cooper, Mame Wood, Marjorie Charles, Maxie Fuller, Charlotte Blackmon, Kenneth Daniels, Evelyn Caudy, Willie Pearl Magwood, Johnnie Barnes, James B. Williams, Stephanie Fuller, Diane Walden, Sue Bradshaw, Christopher Bryan, Ricky Mack, Ruth Edkins, Henry Leverette, Shirley Carnley, Glenda Son, Wayne Kidd, Ethel Larkins, James C. Josephine Huffman, Carrie Williams, Preston Fillman, Mary Kelley, W. C. Howell, Lois Stone, Obie L. Turner, Donald Sem.

Mrs. Nolin Speaks To Club

Mrs. Albert Dyess was hostess to the Lee Homemakers' Club for its May meeting which was held in her home. Mrs. Roy Watkins, club president, presided and welcomed Mrs. Ethel Dick, a visitor, and Mrs. Steven Nolin, speaker, to the club.

Mrs. Albert Dyess gave the devotion and Mrs. Watkins led the prayer. Mrs. Price Ringo, secretary, called the roll and read the minutes of the last meeting.

A short business session was conducted by Mrs. Watkins, who read a letter from Mrs. Sara McDaniel regarding the State Convention to be held in Mobile on June 6 and 7.

Mrs. Nolin, a former missionary to Malaysia, gave a talk on her work in Malaysia. She explained the ways of life and homemaking of the people there. She also displayed items of wearing apparel, dishes, etc., and explained their eating habits.

At the close of the meeting a party plate was served to the guests. Mrs. Nolin and her eleven members and two visitors present.

FATHER'S DAY LORE AND LEGEND
Be it Resolved
Although we tend to take Father's Day for granted, it was only a year ago that it was established permanently by congressional action. Since 1910, the occasion had to be designated every year, rather than observed automatically, like Mother's Day.

How it became part of the calendar is an interesting story of angry battles in Congress and protest all across the land. One of the most notable efforts was launched by Senator Margaret Chase Smith who, in 1957, sent a proposal to Congress which read, in part: "The Congress has been guilty now for forty years of the worst possible oversight, to say the least, perpetrated against the gallant fathers, young and old, of our land. Either we honor both our parents, mothers and fathers, or let us desist from honoring either one. But to single out just one of our two parents and omit the other is the most grievous insult imaginable."

Companies like Norecoss, Inc. have been helping pay tribute to "gallant fathers, young and old," for many years with greeting cards of endless variety. Today the sending of a Father's Day card is an important part of the custom of honoring Dad on what is finally and officially HIS day!

ANTIQUE HIGH CHAIR NOW IN USE

When little Tiffina Griffin gets a few more months age on her, she will have an old chair to sit in - a very old chair - in fact, an antique.

And then when she wants to be taken for an outing, no one will have to put her in the stroller, for she will be in already. Just an adjust-

ment of the hinge and presto, down it comes.

Then if she gets hungry right away, she may stay right where she is and eat. That is, if someone will just let her up to the proper eating height.

High chair, stroller and just in-between sitting chair - all these are one in the antique

piece of furniture that belongs to Tiffina and her parents, Mr. and Mrs. Randy Griffin.

It was bought at a nearby antique store last summer in doing anticipation of Tiffina's arrival by her grandparents.

Fish Fry Honors Engaged Couple

On Wednesday evening, May 30, 1973, Miss Harriette Bullard and Mr. Lee Boyd were entertained with a fish fry given by Mr. and Mrs. Lewey Stephens, Jr., Mr. and Mrs. Drexel Cook, Mr. and Mrs. Willard Martin, Mr. and Mrs. Kenneth Grant, Miss Terry Martin, Mr. Larry Miller, and Mr. Neal Grandham.

The background of the Stephens' home was made festive with tables overlaid in white with trailing ivy and gardenias and lighted by white tapered candles.

Friends enjoying the occasion with the honorees were Mr. and Mrs. Larry Grandham, Mr. and Mrs. Mike Russell, Mr. Bill Taylor, Mr. Daniel Stephens, Miss Dianne King, Mr. Max Bowtell, Mr. and Mrs. Keith Lewis, Miss Cecilia Cooper, Miss Ann Martin, Miss Nancy Anderson, Mr. Andy Locklar, Mr. Jimmy Cook, Mrs. Marilyn Norman, Mr. and Mrs. Harry Bullard, and Mr. and Mrs. L. A. Boyd III.

Put An ELBA CLIPPER WANT AD To work for you!

Three days stripping the old paint from the maple chair, and refinishing it. He then added the tray, fashioned from pieces of laminated oak, and made a new seat of pressed cane. Mr. Snellgrove figures the chair to be between 100-125 years old. It has the original steel rollers which come into action when the stroller is needed. The wooden legs block the rollers when the high chair is clicked into place. Will Randy and Jackie take the chair with them to Opp? "We sure will!" says Randy.

COFFEE

BY TOM CASADAY, COUNTY EXTENSION CHAIRMAN
FORESTRY VS. LIVESTOCK
Nix Bailey of Elba is planting some Coastal Bermuda grass using green sprigs. The field that he plans to plant is growing trees or cattle. I pointed out that cattle are high on growing trees or cattle. I pointed out that cattle are high on growing trees or cattle. I pointed out that cattle are high on growing trees or cattle. I pointed out that cattle are high on growing trees or cattle. I pointed out that cattle are high on growing trees or cattle. I pointed out that cattle are high on growing trees or cattle. I pointed out that cattle are high on growing trees or cattle. I pointed out that cattle are high on getting established this summer. Those attending are Steve Bowdoin, Larry Tidwell, Walter White and Wendell Helms.

(1) 4-H Forestry Shortcourse
Auburn - June 7, Coffee County will have four 4-H Club boys attending. Those attending are Steve Bowdoin, Larry Tidwell, Walter White and Wendell Helms.

(2) 4-H Market Hog Show - Enterprise Livestock Barn - June 7. About 25 market hogs will be entered by Greg Mills, Billy Barnes, Keith Horsaby, Connie Parrish, James Gibbs, Donna Parrish, Johnny Allen, Joey Lee Walden, and Kay Parrish.

(3) 4-H District Market Hog Show - Dothan Farm Center - June 8.
(4) Coffee County 4-H Livestock Judging Teams are being selected. These teams will participate in the district livestock concrete areas and walkways. Judging June 12 in Elmore County.

WEEDS AND GRASSES
With the continued rainfall we will probably have a severe broadleaf weed problem in peanuts. Fortunately, we have several materials used alone or in combinations that give pretty good control on several of these weeds. This was pointed out by Dr. Gale Buchanan at the Wiregrass Experiment Station Thursday.

Two materials which are identical, Butoxone and Butyrate, have now been cleared for use on peanuts. Both of these materials are safe to use and are fairly effective. They can be used several times right over the top of the peanuts without doing any damage. Other materials can also be used, but these happened to be two of the best. According to Dr. Buchanan, both these materials have been cleared for use on peanuts in Alabama.

MOVING
I hope that Probate Judge James L. Sawyer and the commissioners will give us quick approval to move into our new offices on the Enterprise-New Brockton Highway when they meet early this week. We are all anxious to move. In fact, we have everything packed in boxes ready for quick moving. Enterprise people will still call the same number 241-6095.

Utility Uses Helicopter For Line Inspections
Reaching any point on a transmission line system encompassing 35,000 square miles in 33 countries in two states can be done by helicopter within a 45-minute travel time from Grand Forks, N. D., according to Raymond P. Schaffer, transmission and substation superintendent, Minnesota Power Cooperative, Inc.

Generally speaking, it would require about two and one-half times longer to travel to points in our system by automobile than it does by the Bell helicopter," Schaffer said.

In addition to serving the needs of Minnesota, the helicopter can be made available as a utility vehicle or ambulance in case of emergencies such as fires, floods or tornadoes, Schaffer said. "Well planned and carefully implemented, the helicopter operation already is playing an integral role in Minnesota's efforts to meet the constantly growing demands for electricity."

ATTENTION HOME BUYERS
WE HAVE A FEW BRICK HOMES UNDER THE FARMERS HOME ADMINISTRATION PROGRAM THAT MUST BE SOLD IMMEDIATELY IN ORDER TO GET MORTGAGE CREDIT ASSISTANCE FOR QUALIFIED BUYERS. Auburn Awards Largest Number of Honors

The Departments of Architecture and Building Technology at Auburn University had their largest number of awards to students at recent honors programs, according to R. G. Millman, head of the Department of Architecture.

"The support from industry and the trade associations is growing each year and this support is deeply appreciated," said Millman.

The students were recognized in several events, culminating with an honors banquet on the evening of May 24.

Roy Miller, from Elba, won the Alabama Concrete Industries Association Book Award, on the junior level, in a three-way tie with two other students.

Methodist Youth Plan Fund Raising Drive
The youth of the Elba United Methodist Church have designated June 10 - 16 as their money raising week. Their goal is \$500 and the proceeds will go toward a trip to Six Flags Over Georgia, and a contribution to the Youth Service Fund.

The week will begin as the MYF serves homemade ice cream and cookies Sunday night, June 10, at 8 p.m. The Methodist Educational Building will be decorated like an old-fashioned ice cream parlor and the youth invite everyone.

On Monday, June 11, the group will be picking up refundable drink bottles to help clean up Elba. Wednesday, June 13 has been set aside as "Slave Day" when the MYF members will do any jobs around the house or yard in return for a contribution. Anyone interested in having a MYF member work for them on Slave Day should contact Miss Bunny Cox at 7-2508 or Rev. Ed Sells at 7-2219.

Thursday, June 14, the group will sponsor a spaghetti supper. MYF members will be selling tickets beforehand, or they may be purchased at the door for \$1.25. Plates may be picked up at the Methodist Educational Building any time after 6 p.m. Thursday evening.

A rummage sale and bake sale will take place on the corner of the door for \$1.25. Plates may be picked up at the Methodist Educational Building any time after 6 p.m. Thursday evening.

Among the 150 from nine southeastern Alabama counties attending the May 31 weed control field day at the Wiregrass Substation, Headland, was a

group from Coffee County. Here inspecting weed control plots during a tour of the unit of Auburn University Agricultural Experiment Station are: Kneeling, H. L. Martin (Left), Coffee

Spring, and Tom Casaday, Coffee County Extension chairman; and standing, Dr. E. V. Smith (left), recently retired dean and director, and Roy Ellis, Enterprise

Elba Students Awarded BSC Scholarships

Editor's Note: This is the 7th in a series of articles on the Coffee County Department of Pensions and Security, the county's only public welfare agency. Located at Elba, the Department is headed by Lucile McMinn.

Mobilizing welfare services to aid disaster victims is a significant but little known function of the Coffee County Department of Pensions and Security. Mrs. Lucile McMinn, Director of the agency, said today:

"Emergency services are little known because they fortunately are not needed every day," Mrs. McMinn explained.

"This spring, however, floods and tornadoes in various parts of Alabama made it necessary for numerous county departments to activate their services in a variety of ways. Our agency," Mrs. McMinn emphasized, "is ready to take emergency action at once at any time a natural or man-made disaster strikes."

In such a disaster, pensions and security staff respond immediately to make certain that victims have food, shelter and services necessary to return to normal living.

"Our primary job in an emergency is to see to it that each person affected is united with the resource that he needs," said Mrs. McMinn. "In the case of one family whose home has been destroyed by fire, immediate needs may be food, clothing and shelter as well as help in getting information on how to secure a loan to rebuild."

If a flood swamps an entire community or if a tornado tears a row of houses from their foundations, the situation becomes more complex, since large numbers of people may be involved. As soon as the disaster is passed, the Department's workers move to the disaster site and join other public and private agencies in an effort to mobilize total community resources.

A major disaster, such as a tornado or hurricane, the director observed, "leaves confusion in its wake, as well as property damage and physical injury. Children may be stunned with no idea of where to turn. Food and shelter are immediate needs."

We try to minimize confusion," Mrs. McMinn explained, "by reuniting families, making certain that no one is hungry without shelter, seeing to it that the sick and injured are put in contact with medical resources, finding proper care for the elderly or others with special needs, and beginning to restore order." Legal responsibilities for co-ordinating welfare activities of public and private agencies in an emergency rests with State and County pensions and security departments. This organizational effort has one goal: to make certain that all welfare resources are utilized in meeting the needs of disaster victims. Each county department, in fact, is responsible for developing a county-wide emergency welfare plan.

Without the coordinating function of the department of Pensions and Security during an emergency, unnecessary confusion could thwart the efforts of those trying to help, thus prolonging the anguish of disaster victims. "And without a prearranged plan of action," Mrs. McMinn added, "there might be fragmentation of services at the time of crisis."

been restored. Many disaster victims may require counseling and referral services from the Department," Mrs. McMinn said "during the long and difficult period."

of Auburn University.

Cadet Timothy D. Windham was recognized during recent ceremonies and received the MS IV American Legion ROTC Award for Military Excellence for outstanding demonstrated academic and leadership ability. The award was presented by Dr. Harry M. Philpott, President

of Auburn University.

Cadet Windham graduated from New Brocton High School in 1968 and is presently majoring in Mechanical Engineering at Auburn.

Cadet Windham is the son of Mr. and Mrs. H. D. Windham who reside at Route 4, Box 114, Elba, Alabama.

Summer Term Beginning At MacArthur

The summer term will begin at MacArthur State Technical Institute on Monday, June 11 and registration will continue throughout the week. New classes will begin in the following departments: Auto Body Repair, Auto Mechanics, Barbering, Business Education, Data Processing, Diesel and Drafting and Design Technology, Electronics Technology, Refrigeration and Air Conditioning, Radio and Television Repair, Textile Technology, Travel Trades, Upholstery, and Welding.

A new cosmetology class will begin on July 11. Practical Nursing and Industrial Electricity on September 10. Free bus transportation is provided daily

to those students in the school area - Covington and Coffee Counties, western Geneva County and southern Crenshaw County. Tuition is \$20.00 per month and all other costs are kept to a minimum.

High school graduation or its equivalent is required for most courses and is recommended for all courses. MacArthur Tech is accredited by the Alabama State Department of Education and the Southern Association of Colleges and Schools. The school is also approved for the training of veterans.

MacArthur Technical Institute is expected to achieve college status in September, 1973, and will begin to award Associate in Technology Degrees in select areas.

Alabama's Prize Winning BEEF Cooks

THE FIVE top winners in the 1973 Alabama CowBelles-Cottlemen's Association statewide BEEF COOK-OFF Contest are shown with their prize winning recipes. Left to right: Karen Renner, London, 3rd place; Lynn Pipkins, Arden, 2nd place; Jan Cook, Dozier, 1st place; Kathy Flores, Grand Bay, 4th place; and Florence Mangum, Montgomery, 5th place. The 1st place winner received \$300.00 for her prize winning BEEF recipe. The other winners received \$100.00 each. This statewide beef education program is sponsored by the Alabama CowBelles and Cottlemen's Association.

First Prize Winner

PRIZE WINNING BEEF RECIPE

From The 1973 ALABAMA COWBELLES BEEF COOK-OFF CONTEST

Alabama Pride Sirloin Steak

2-inch sirloin steak 1/2 t. black pepper
Juice of 2 lemons 1/2 t. garlic salt
2 t. butter 1/2 t. celery salt
1/2 c. wine vinegar 1/4 t. chili powder
1 t. paprika 1/2 t. onion salt
Pinch of red pepper

Stick holes in steak with a toothpick. Marinate overnight with the juice of two lemons, red pepper, paprika, black pepper, garlic salt, celery salt, chili powder, and onion salt. Broil steak with melted butter and wine vinegar as it is cooking. Cook on an outdoor grill for about 30 minutes for medium rare or to desired doneness.

This recipe won the \$300. first prize in the 1973 statewide BEEF COOK-OFF Contest. Entered by Miss Jan Cook, Dozier, Alabama.

eggs per Pound Are A Good Buy

"Before complaining about the increase in egg prices during the past few months, housewives should compare the price of eggs with the price of other foods," says Wilson Lee, Extension poultry marketing specialist.

To compare prices, you must determine the price of eggs on a per pound basis. And you must know the weight of a dozen eggs to do this. Lee says medium eggs weigh 21 ounces per dozen; large eggs 24 ounces; and extra large eggs weigh 27 ounces.

A dozen large eggs selling for 59 cents would have a per pound price of 39 cents. At 79 cents per dozen, the price per pound would be 53 cents. At 99 cents a dozen, the consumer would pay 66 cents per pound of eggs.

Housewives owe it to themselves to compare prices. In doing this, Lee adds that they will find eggs are an excellent buy.

Musicians of ancient Greece wore shoes that played music when they walked - to advertise their calling.

THE FAMILY LAWYER

Policeman's Blunder

Officer Harrison halted a speeding motorist and gave him a ticket. But he failed to notice that the man was intoxicated. Scarcely five minutes later, the same motorist drove his car through a red traffic light and knocked down a woman pedestrian.

Could the woman hold the city legally liable for the accident because of the officer's blunder?

"The city is supposed to provide police protection," she argued in a court hearing. "That's what we pay taxes for. If the officer hadn't let that drunken driver drive his car through a red traffic light and knocked down a woman pedestrian, I would never have gotten hurt."

The reasoning is mainly pragmatic. Courts fear that if such claims were allowed, the financial burden on cities would be staggering.

Nevertheless, under certain circumstances, a person may indeed have a special right to police protection. Consider the problem of the person who is an informer or a material witness in a forthcoming trial. If he is in danger, the city is likely to be held responsible for his safety.

"Others," said one court, "it might become difficult to convince the citizen to cooperate with law enforcement officers."

In one unusual case, the family of a suicide victim tried to blame the city because the police had missed a chance to prevent the tragedy. They said officers had come out to investigate a family quarrel, then left with things still unsettled.

But the city was exonerated. The court said even if the officers should have stayed longer, they still could not fairly have foreseen that the man would take his own life.

Weed Control Program Draws Crowd

Concern about weed control in crops in this year of unusually heavy spring rains brought a crowd of 150 to the Wiregrass Substation on May 31 for a program dealing with herbicide research at the Headland unit of Auburn University Agricultural Experiment Station.

The Experiment Station's weed man, Dr. Gale Buchanan, led the visiting farmers and

Cooperative Extension service workers from nine southeast Alabama counties on a tour through the hundreds of plots being used to evaluate herbicide treatments. In addition to explaining research in progress, he and Substation superintendent J. G. Starling fielded questions about specific weed problems.

Dr. Buchanan reassured the farmers about effectiveness of herbicides following heavy rains of recent days. He said materials like Trifluralin and Balan have little movement in soil and should retain their effectiveness despite the excess moisture. Other herbicides are more susceptible to leaching, such as Clofanzol, and they may move too deep into the soil to provide good control.

Soil erosion represents another problem, he pointed out, since the chemical weed killers may be washed from the field with soil particles. When small peanuts have been "sanded in," he said, a light soil treatment can be done without serious loss of effect from herbicides.

The Auburn researcher told the farmers that broadleaf weeds represent the major problem since there are numerous good grass herbicides, so research effort is directed towards finding chemicals that work against broadleaves. Dr. Buchanan said he is encouraged because of reports that 2,4-DB has received label clearance for peanut weed control.

Alabama Seeking To Fill Jobs

The Alabama State Personnel Department this week announced examinations for filling present vacancies in the following positions:

Assistant Correctional Warden (\$8,957 - \$11,128) Housing will be available to the employee in this class when the prison construction schedule permits.

Parole and Probation Supervisor I (\$8,229 - \$10,387).

Conservation Enforcement Officer I (\$7,163 - \$9,321).

Airplane Pilot I (\$10,036 - \$12,246).

Rehabilitation Counselor I - (\$8,606 - \$10,751).

Rehabilitation Counselor Assistant (\$7,527 - \$9,672).

Agriculture General Services Supervisor (\$10,751 - \$13,312).

Full information and application forms may be obtained from the State Personnel Department at Montgomery or from any local office of the State Employment Service. Applications should be filed by June 25, 1973.

Domesticated Salmon Whets Fickle Tastes

Domesa Farms, Inc. in Puget Sound, due west of Seattle, Wash. is raising pan-sized salmon. This whole one-year-old salmon can fit on your plate and weighs about a pound. It has never been raised before and is impossible to obtain naturally.

The unique fish farm consists of floating, but moored net pens into which baby Coho and Chinook salmon, hatched in a nearby fresh water farm, are placed beginning three months from incubation. From beginning to end, these salmon are fed carefully selected dry feed, literally free from pollutants and heavy metal concentrations.

The pilot operation in 1970-71 was headed by Jon Lindbergh. Although the program is still in its test stage, selected restaurants in Boston, Seattle, San Francisco, Los Angeles, Milwaukee and Vancouver are serving them.

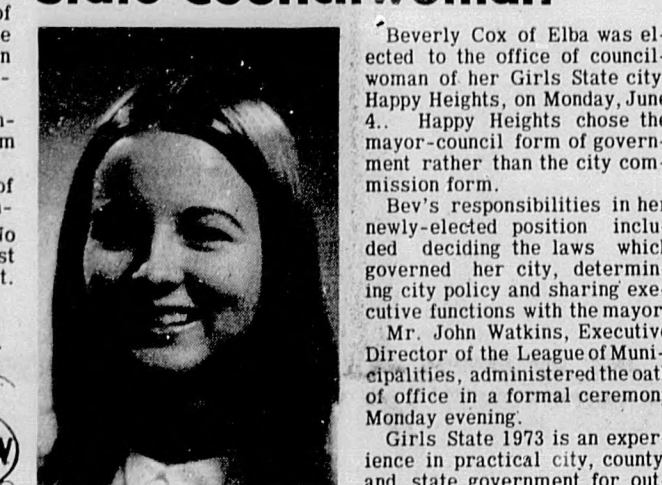

JOINT BPW CLUBS HEAR ACTON

Mr. Wade Acton, Administrator of Girls Ranch, was guest speaker at a joint meeting of three area Business and Professional Women's Clubs on Monday night, June 11.

The clubs and their presidents were: Mrs. Janita Lambert; Andalusia, Mrs. Estelle Elbridge; and Elba, Mrs. Betty Adkins.

The meeting was held at the Elba Country Club.

Bev Cox Elected As Girl's State Councilwoman

"Bev Cox of Elba was elected to the office of councilwoman of her Girls State city, Happy Heights, on Monday, June 4. Happy Heights chose the mayor-council form of government rather than the city commission form.

Bev's responsibilities in her newly-elected position, included deciding the laws which governed her city, determining city policy and sharing executive functions with the mayor.

Mr. John Watkins, Executive Director of the League of Municipalities, administered the oath of office in a formal ceremony Monday evening.

Girls State 1973 is an experience in practical city, county, and state government for outstanding high school juniors. It is sponsored by the American Legion Auxiliary and was held at Huntington College during the week of June 3-9.

Bev is the daughter of Mr. and Mrs. Walter Cox.

TIME SHORT FOR CLEARING STORM DAMAGE FREE IN ELBA

Mayor Jack Brunson

Following the June 5 City of Elba Council meeting, Mayor Jack Brunson released the following statements:

"The Council is grateful for the consideration, patience, and cooperation of the citizens of Elba during the undertaking of the tremendous task of disposing of the trash following the tornado of April 18. Except in some isolated cases this job has been completed.

Our City and Water and Electric employees, plus others who have helped with labor equipment, etc. deserve a word of thanks from all the citizens of Elba for the many long hours of work necessary to recover from the damage to the city. We encourage all citizens to express their appreciation to these workers who are often criticized but seldom praised.

Effectively July 1, 1973, the City will resume making a charge for picking up trash. This charge is based on the time and equipment required to pick up trash in excess of the allotted 2 cu. yds. The allotted two cubic yards for homes may not include building materials or construction waste. Homeowners can reduce the amount charged for excess trash by stacking limbs and separating limbs, leaves, etc. so the trash can be picked up in the least possible time.

The general procedure to be followed in the case of excess trash will be to notify the homeowner that the amount of trash is excessive and ask him to notify City Hall if he wants the City to pick it up. If he contacts City Hall, a man will come by and give an estimate of the charges for the excess trash. No charge is made for the allotted two cubic yards. The homeowner can either authorize him to pick it up or has the option of hauling it off himself. However, none of the trash will be moved while the excess remains.

If you have limbs, resulting from the tornado, which are ready for pick-up, please call the City Hall before noon on June 23 and report the location. These limbs will be picked up before July 1. Please remember there will be a charge for picking up trash in excess of the allotted two cubic yards after July 1.

ELBA ETCHES

WHAT GOD MADE

Of all the books I've read,
I like the Bible and what God said,
To love others every day,
And show your love in every way.

The Bible is the best book I know,
It tells of things long ago,
It tells me things I should do,
How God loves me and God loves you.

God made me God made you,
God made the sky so blue,
God made spring showers,
God also made spring flowers.

God made the winds blow,
God made the flowers grow,
God made Grandmas,
God also made Grandpas.

GOVERNMENT WORK PROGRAM SUCCESS FOR COUNTY

JOY EZELL ASSISTS THE TAX ASSESSOR

The Federal Government has sponsored a program this summer for interested youth in Coffee County, enabling them to work for the county. Most youth working for the county this summer are high school students. Age limits are from 14 to 22 years, and a maximum of 234 hours has been allotted for the young workers.

Coffee County was authorized 38 slots as follows: County Extension Service 4; County Carpenter 2; Office Complex 2; Tax Assessor 3; Tax Collector 2.

DONNA STRINGER ASSISTS THE CIRCUIT CLERK

2; Circuit Clerk 2; Sanitary Landfill 2; Garbage Truck 1; Clerk's Office 1; Probate Court 1; Commissioner, District Four

GWEN MYERS WORKS IN THE COMMISSIONERS COURT

5; Commissioner, District Three 4; Commissioner, District Two 3; Commissioner, District One 3.
